Florida’s Chief Justice adds Seminole County Sheriff to statewide workgroup on steering state courts through the coronavirus pandemic

TALLAHASSEE – On June 1, 2020, Florida’s Chief Justice Charles Canady issued a new administrative order adding Seminole County Sheriff Dennis M. Lemma to a COVID-19 Workgroup helping steer the state courts through the coronavirus pandemic.

In the order, Canady noted that the mission of the Workgroup in advising him on emergency matters would be helped by adding a representative of the law enforcement community.

The Chief Justice will review this and other COVID-19 orders as the pandemic emergency develops and will modify or extend them if needed.

Statewide and local court emergency orders and advisories are available on the Florida Supreme Court’s website: https://www.floridasupremecourt.org/Emergency
